Profile

As a recent BCA' 24 graduate, I have honed my front-end development skills through internships at Bharat Intern and Alfido Tech. These experiences have equipped me with hands-on knowledge in creating responsive, user-friendly web interfaces. I am passionate about using modern technologies to enhance user experiences. Eager to apply my skills, innovative environments.

My goal is to create visually appealing designs that showcase my front-end skills and creativity, contributing to innovative and impactful projects.
